### **Pre-Booking Information**

**Before your dog stays with us, we have a simple two-step process to make sure they feel completely at home.**

**Step 1: Meet & Greet** — We'll arrange a short visit so your dog can explore the space, meet us, and ensure they're comfortable in our environment (free service).

**Step 2: Trial Night** — If the meet and greet goes well, we'll book a trial overnight stay. This helps us see how your dog settles and ensures they're relaxed and happy before a longer booking (£35).

**These steps help us provide the safest, most comfortable home-from-home experience for your dog.**
